Profile Summary

Highly motivated and detail-oriented **Frontend Developer** with a strong passion for crafting intuitive, user-centric web applications. Proficient in modern front-end technologies, including **JavaScript, React, Next.js, Tailwind CSS, Bootstrap, Git, and TypeScript**, with a deep understanding of responsive design and web performance optimization. Adept at collaborating with cross-functional teams to deliver scalable and visually engaging solutions that align with business goals. Excellent problem-solving abilities, a continuous learning mindset, and a commitment to delivering high-quality digital experiences.

Education

- **Bachelor of Science (B.Sc.) in Political Science**
Olabisi Onabanjo University, Ago-Iwoye
2019 – 2023
 - **Secondary Education**
Anglican Grammar School, Ota
2011 – 2017
 - **Primary Education**
Kingdom Heritage Model School, Canaanland, Ota
2004 – 2010
-

Technical Skills

Programming Languages & Frameworks:

- JavaScript (ES6+), TypeScript
- React.js, Next.js, Bootstrap, Tailwind CSS

Frontend Development:

- Responsive Web Design (Mobile-First Approach)
- Component-Based Architecture with React
- State Management (React Context, Redux)
- API Integration (RESTful APIs)

Version Control & Deployment:

- Git, GitHub, GitLab
- CI/CD Pipelines and Automated Deployments

Performance Optimization & Testing:

- Web Performance Optimization (Lighthouse, Lazy Loading)
- Unit and Integration Testing (Jest, React Testing Library)

Tools & Platforms:

- Figma (UI/UX Design Translation)
- VS Code, Chrome DevTools
- Agile/Scrum Methodologies

Soft Skills:

- Strong Analytical and Problem-Solving Skills
- Excellent Communication and Team Collaboration
- Adaptability and Willingness to Learn Emerging Technologies

Work Experience

Frontend Developer – Iyewo Hospital

November 1, 2024 – January 6, 2025

- Led the front-end development of a comprehensive hospital management system using **React, Next.js, and Tailwind CSS**, ensuring an intuitive user experience.
- Implemented interactive dashboards and UI components to enhance user engagement.
- Collaborated with backend teams to integrate AI-driven features for medical operations.
- Optimized performance, reducing page load times by 30%.

Frontend Developer – Posh and Spice Rentals

January 8, 2024 – August 8, 2024

- Developed a dynamic and responsive e-commerce platform for rental services using **React and TypeScript**, enhancing the platform's functionality and usability.
- Integrated secure payment gateways, product filtering systems, and cart management features.
- Ensured optimal user experience across multiple devices with responsive design techniques.
- Conducted performance tuning, achieving a 25% improvement in site speed.

ICT Staff – Covenant University

January 12, 2022 – March 2022

- Provided IT support for students and faculty, ensuring smooth operation of campus systems.
- Assisted in managing the university's digital infrastructure, resolving network and software issues.
- Delivered basic IT training sessions to enhance staff technical proficiency.

Class Teacher – Divine Care Private School

July 16, 2018 – August 18, 2018

- Taught core subjects and provided mentorship to students, fostering a positive learning environment.
- Developed and implemented lesson plans to support educational goals.
- Improved student engagement through interactive teaching methodologies.

Projects

Hospital Management System – Iyewo Hospital

- Designed and implemented a scalable front-end solution that streamlines hospital operations.
- Ensured a clean UI/UX experience, improving operational efficiency and user satisfaction.

E-commerce Website – Posh and Spice Rentals

- Built a rental service platform with an intuitive product browsing experience.
- Integrated payment solutions and optimized for performance and accessibility.

Certifications & Training

- **Frontend Development with React – Udemy (2023)**

- **Responsive Web Design Certification** – freeCodeCamp (2023)
 - **Git and GitHub Mastery** – Coursera (2022)
-

Achievements

- Recognized for delivering a highly optimized e-commerce platform, reducing page load times by 25%.
 - Successfully trained over 50+ university staff in ICT fundamentals and software usage.
 - Played a key role in the development of a hospital management system, improving data efficiency by 40%.
-

Professional Development

- Actively participate in online coding communities and hackathons.
 - Continuously improving skills through self-learning and participation in industry-related webinars.
